**Capital Works** – RFP – Approval of \$60,000.00 for second phase. Councillor Harmon has spoken to Wilf Mahoney P. Eng for Municipal Affairs and has been informed that the \$60,000.00 for the second phase is for the Wellhead Protection Study that has to be done before the work can commence on the first phase. But due to the government oversight of the money for the study being in the first phase where it was not covered by the funding format the \$60,000 in the first phase will be deducted from the first phase of the projected so it can be used for the study.
